

INVISIBLE, BUILT-IN HYDRAULIC GATE CLOSER

Item No. INTERIO

The invisible Interio gate closer, with matching hinge set, is completely built into the gate frame. This highly aesthetic solution opens and closes the gate comfortably. The integrated pre-tension ensures an efficient and flawless installation where speed and final snap can be adjusted accurately to fit any need. A constant closing speed is guaranteed in all weather conditions, without any adjustments needed. Interio is perfectly suited for both left and right turning gates.

- Self-closing up to 125° (depending on the situation) with adjustable closing speed and final snap
