

SLIDING GATE KEEP WITH QUICK-FIX

Item No. SSKZ QF

Stainless steel sliding gate keep for hollow posts. The keep is 9 mm left/right auto-adjustable for an easy and secure anchoring of the gate lock. A rubber stop prevents the gate from being damaged while closing.

- Keep in stainless steel for square profiles
- Minimum profile size: 80 mm wide
- Fast and easy fixing with Quick-Fix
- The keep is 9 mm left/right auto-adjustable for easy and secure anchoring of the Twistfinger
- The rubber stop prevents damaging the gate frame
