

SURFACE MOUNTED GARDEN GATE LOCK

Item No. LAKZP1

Economical garden/pedestrian gate lock with polyamide housing and stainless steel mechanism. This lock is advised as a standard for all your small gates. A solid stainless steel deadbolt with a 23 mm throw guarantees a secure locking. For a fast and highly precise installation, we recommend using the Drill-Fix drilling caliber.

- Easy left or right changing of the self-latching daybolt
- 23 mm throw of the dead bolt, in 1 turn of the key
- 4-hole fixing with two hexagon socket head screws
- Polyamide lock box and handles
- 60 mm center distance of the bolts
- For 40 mm gate profiles only
- Interchangeable with all Locinox locks
- No key operation of the daybolt
